

LUANG S is a locally manufactured table lamp designed by Faro Lab. The Luang family is inspired by the art and hand-crafted objects made with papyrus and natural fibres in Southeast Asia and by how they create incredibly formal poetic and complex volumetric objects from flat elements. It has a minimalist structure that contrasts profoundly with the free and organic appearance of its shade which, by not having a structure and being materialised exclusively in papyrus, lights up entirely. This model's shade is beige, providing a very natural, cosy light. Lighting solutions designed for global markets, compatible with mains voltages: 110 - 120V and 220 - 240V.

General characteristics

Fixation	Table
Type	II
IP	20
voltage	100V-240V
Hertz	50/60Hz
Cable meters	1900mm
Switch type	On/Off
Max. Power	15W

Material

Body/Structure	Steel
Screen	Parchment

Finish

Body/Structure	Black
Screen	Beige

Lighting characteristics

Light source included	No
Light source	E27
