

LOOP LED is a design set created by Estudi Ribaudí. A classic set, but with a modern and warm touch thanks to the ash tree wooden shade. A metal structure with a round base and an arm that embraces the shade. The floor lamp is characterised for its right angle and it can be used as a light source to create ambient light in the living rooms and bedrooms. LOOP is the perfect series for contract spaces like, for example, the hotels illumination. The light source is dimmable.
